JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

A Great Historical Work

A notable work in the history-making world.
A noteworthy contribution to American scholarship
in both scientific and inspiring history. One of
the great themes of *American Historical Review*.

The History of the United States

By EDWARD CHANNING

Professor of History in Harvard University

Volume IV. *New Republic*

Federalists and Republicans, 1787-1800

The volume of Dr. Channing's notable history covers the period of the development of the government of Washington and Madison, including the evolution of the constitution. The volume covers the triumph of Jeffersonian Republicanism and the close of the commercial conflict which ended with the war of 1812, an event the epoch which it considers. From 1787 to 1812 the United States stood in a position as regards the European belligerents which in many ways closely resembled the present position of the United States, a fact which gives a timely interest to the present work.

Professor Channing's history will be completed in eight volumes.

PREVIOUSLY PUBLISHED

Vol. I

The Founding of a Nation in the New World, 1606-1789

Vol. II

A Century of Colonial History, 1689-1789
